

Stand up pouches

Are you looking for a modern and environmentally friendly packaging solution? Our stand up pouches are available in various designs. Whether for liquid, paste, powdered, chunky, or solid products, this flexible packaging provides optimum protection and presents your products with perfect printed images at the point of sale. A further plus: single-origin stand up pouches are completely recyclable and contribute to sustainable recycling management.

Fundamental advantages for you and your customers

- + Attractive product presentation through individual design
- + Low dead weight
- + Additional cost advantage compared to rigid packaging due to reduced transport, logistics, and storage costs
- + Optimum protection of your products
- + Food law conformity for packaging materials (LFGB, FDA, GB standard)
- + Clean filling of product
- + Packaging can be resealed after removing the product, thus ensuring lasting freshness and a long shelf life
- + Unproblematic and efficient palletization
- + Simple and partially segregated disposal
